*"The savings is consistent."*

### Installation Details

### Charlie says...

#### Peak Energy Savers

#### Installed:

- ◆ 57 RV Sites
- ◆ Office & Business Center
- ◆ Fitness Center
- ◆ Bath House
- ◆ Laundry

(5) Peak Energy Saver 200G installed

*"I plan to install additional Peak Energy Savers once the upcoming expansion is complete."*

"We installed 5 Peak Energy Savers in our park. We saved \$2,000 a month on average when our monthly Summer electric bills dropped from \$8,000 to \$6,000 after installing our Peak Energy Savers."

We plan to install additional Peak Energy Savers with the upcoming expansion. I recommend Peak Energy Savers on the RV Park and Campground Owners Facebook page.

I share my story with many campground owners and always suggest they consider Peak Energy Savers for their campground. Peak Energy Savers do what they say they will do."
