

# Recycles 19% on Electricity

with  
**Peak Energy  
Savers**

## Certified Electricity Recycler

"...the more Peak Energy Savers..., the bigger the savings!"

*Payback  
in 1 Month*

### Installation

### Greg & Anise's Story...

#### Peak Energy Savers Installed:

- ◆ 70 RV Sites
- ◆ Office & Store
- ◆ Pool
- ◆ Laundry—7w/7d
- ◆ Bathhouse
- ◆ Propane Tank  
Filling Station

(9) Peak Energy Savers  
-----

*"Installed (5) and added  
(4) more to fully outfit  
our park."*

"In the hottest month, we were fully occupied with 47 RV sites and saved \$3000 or 19% with our first (5) Peak Energy Savers. We decided to give back a portion as a rebate to our sub-metered customers who were struggling with the high summer electric bills. **The cool thing is**, we can deduct the **rebates** on our taxes each year, so it is a **win-win** for our customers and our bottom line.

We were referred to Peak Energy Technology by our good friend Charlie Brown at TACO and bought them right away. Since then, we have added an additional (4) four Peak Energy Savers to fully outfit our park. With the expansion of our park to 70 RV sites and more than doubling the size of our laundry, we expect to save even more.

**The fact is, the more Peak Energy Savers you buy, the bigger the savings. You are leaving money on the table if you don't do it."**

**- Greg & Anise Brown / Owners**

### More Benefits

90 day money back **guarantee**

With a **quick pay-back**, enjoy a great ROI and reduced net operating costs.

Peak Energy Savers can also help **reduce voltage sags** that can damage sensitive electronics.

Motors run 10% cooler which can **increase** the lifetime of the motor.

# PEAK ENERGY SAVER

The **Peak Energy Saver** recycles electricity in your home or small business. By installing it near your circuit breaker panel with it's own dedicated breaker, the Peak Energy Saver works with everything in your home or business.

- Recycle the electricity used in your electric appliances, motors, & transformers (non-resistant loads)
- Get a quick return on your investment
- 90 day money back guarantee
- Help the environment by conserving electricity without sacrificing comfort
- Suppress surges that can cause damage to electronics
- Reduce voltage spikes
- Motors run 10% cooler which can increase their lifetime
- 5 year manufacturer's warranty
- UL listed for safety
- Easy to install

## The Peak Energy Saver™ for Business Applications

The Peak Energy Saver from Peak Energy Technology LLC reduces the amount of power bought from the electric utility by storing electricity otherwise lost from the motors and transformers. The unit sends back this stored electricity back to your appliances, decreasing the kWh. Lower kWh = lower electric bills!

- Save between 10%-25% of monthly kWh usage. Most customers see a 15-22% savings.
- Peak demand charges are reduced by lowering the current needed to start each motors.
- Power factor charges are reduced, if not eliminated.

**Special Note:** Special consideration must be given whenever there is a power generator present. Contact your sales representative or technical support to discuss your specific situation.

**Help the environment;  
Get listed on RecycleElectricity.Net**

Money isn't all that you are saving when you use Peak Energy Technology LLC products. It's an energy-wise purchasing decision that will help your business meet it's goals for 'going green.' There are units to fit your business requirements from single phase to three phase and from 240 volts to 600 volts. Once your savings is verified through detailed analysis, your business will be listed as a **Certified Electricity Recycler** on "Who's Who."

Every 1000 kWh saved is the same as planting 16 trees.
