

Save ^{UP} to 25% Recycle Electricity

Doc's Fish Camp & Grill Marble Falls, TX

Savings:

**Saves \$300
a Month
on Electric Bills**

**Only a
2 Month Payback**

Bill says...

“Saving \$300 a month is great! My Peak Energy Saver paid for itself in 2 months. I like telling other local business owners and friends how they can do the same.”

Bill Stohler
Owner, Doc's Fish Camp & Grill
830-693-2245

If you are taking a trip through the Hill Country of Texas, stop in at Doc's Fish Camp & Grill in Marble Falls to enjoy the fresh seafood and juicy steaks. Doc's features fresh catches, Prime Rib Thursdays, Oyster Bar, vegetarian menu items and a wide variety of wine and beer on tap. You can also enjoy live music Thursday-Saturday evenings. Taste for yourself why Doc's Fish Camp & Grill is a destination restaurant as featured on *Road Trippin' 2013*.

More Benefits

90 day money back **guarantee**

With a **quick payback**, business owners enjoy a great ROI and reduce net operating costs.

Peak Energy Savers can also help **reduce voltage sags** that can damage sensitive electronics.

Motors run 10% cooler which can **increase** the lifetime of the motor.

The **Peak Energy Saver** recycles electricity in your home or small business. By installing it near your circuit breaker panel with it's own dedicated breaker, the Peak Energy Saver works with everything (non-resistant loads) in your home or business.

- Recycle the electricity used in your electric appliances, motors, & transformers
- Get a quick return on your investment
- 90 day money back guarantee
- Help the environment by conserving electricity without sacrificing comfort
- Suppress surges that can cause damage to electronics
- Reduce voltage spikes
- Motors run 10% cooler which can increase their lifetime
- 5 year manufacturer's warranty
- UL listed for safety
- Easy to install

The Peak Energy Saver™ for Business Applications.

The Peak Energy Saver from Peak Energy Technology LLC reduces the amount of power bought from the electric utility by storing electricity otherwise lost from the motors and transformers. The unit sends back this stored electricity back to your appliances, decreasing the kWh. Lower kWh = lower electric bills!

- Save between 10%-25% of monthly kWh usage. Most customers see a 15-22% savings.
- Peak demand charges are reduced by lowering the current needed to start each motors.
- Power factor charges are reduced, if not eliminated.

Help the environment...

Money isn't all that you are saving when you use Peak Energy Technology LLC products. It's an energy-wise purchasing decision that will help your business meet it's goals for **'going green.'**

Peak Energy Technology LLC has units to fit your business requirements from single phase to three phase and from 240 volts to 600 volts along with the expertise to evaluate the best system for your needs.

Every 1000 kWh saved is the same as planting 16 trees.

Peak Energy Savers
Increase Power from
Solar & Wind Generation

Special Note: Special consideration must be given whenever there is a power generator present. Contact your sales representative or technical support to discuss your specific situation.

About Peak Energy Technology LLC

Peak Energy Technology helps RV Parks, cities, hotels, restaurants, small businesses, and homeowners to recycle electricity and save money by reducing the amount of electricity they purchase. With a money back guarantee, this technology is now cost effective for everyone. See demo on our website.
