Certified Electricity Recycler

Installation Details

Vinny Van Goat says from Pat...

Peak Energy Savers Installed:

- ◆ Office & Store
- ◆ 38 RV Sites
- ◆ Tent & Teepee sites
- ◆ 2 water wells

(4) Peak Energy Saver 200G installed

"Our store and office was the first meter we installed Peak Energy Saver on. We have installed 3 more in our campground."

"We installed our first Peak Energy Saver on our store/office in our park. We saw a 20% savings and have since installed 3 more Peak Energy Savers.

Our goal was to be as green as possible. We wanted to cut back on our energy usage and save our beautiful environment. Installing Peak Energy Savers in our RV Park helps us to achieve both goals.

I am always happy to tell other campground owners about my results and encourage them to give Peak Energy Savers a try. With the money back guarantee, its an easy choice."
