Peak Energy Saver 200 installed on the Office

Proven Savings

406% ROI

16% kWh Savings

Saved \$4,367 on Electric Bills in 8 Months!

Wally Says:

"I was introduced to Peak Energy two years ago at the Florida ARVC Show. I was hesitant to try this product, but after discussing with the owner of the park, we decided to purchase two Peak Energy Savers. We hooked them up to our Office and Recreation Hall in August of 2013. After seeing the results, we ordered two more.

Our Peak Energy Savers *paid for themselves in 2 months*, saved over 30,500 kWh, or \$4,367! Now that we know these units work better than expected, we will be adding additional Peak Energy Savers soon."

- Wally Medley, Olde Mill Stream RV Resort

More Benefits

90 day
money
back
guarantee

With a **quick pay-back**, enjoy a great ROI and reduced net operating costs.

Peak Energy Savers can also help **reduce voltage sags** that can damage sensitive electronics.

Motors run 10% cooler which can **increase** the lifetime of the motor.
