

Saved 28% Recycling Electricity

TERRE HAUTE Campground

Deluxe RV Pull-Thru

“With a savings of over **20% & 28%** the first month, it doesn’t take a rocket scientist to figure out the payback & savings of my investment. With our cost per kilowatt hour (kwh) going up while our electric bill goes down, the Peak Energy Saver is so worth it!” *Keith Davidson, former owner*

Certified Electricity Recycler

“Who’s Who” Member

Savings:

28% Savings

was monitored primarily on the store. Payback for Terre Haute is estimated at 5 to 6 months on their store. While the store with has 16 RV Sites / 50 amp service in loop on meter as well, the sites were not taken into account as Peak Energy Saver was installed in off-season.

20% Savings

was monitored on The Krossroads’ Café. The restaurant’s Peak Energy Saver was also installed in off-season the following year.

Solution:

Install Peak Energy Savers and recycle a portion of the kWh purchased in some key areas:

- **Dec 2010**, installed Peak Energy Saver on store with AC, fluorescent lights, refrigerators, 16 RV Sites with 50 amp service in a loop.
- **Jan 2011**, installed Peak Energy Saver on 1536 sf restaurant with 4 refrigerators, 3 freezers, a 700# commercial ice maker, and CFL lights.

Park Features:

- 77 RV sites
- 5 Camping Cabins
- A full-service Camping Lodge

Deluxe Cabin

Krossroads Cafe

- The Krossroads' Cafe
- Store, Office, Laundry & Pool
- Restroom/shower facilities

- UL listed for safety
- Easy to install

SUPER EASY TO INSTALL!

The Peak Energy Saver™ for Business Applications

The Peak Energy Saver from Peak Energy Technology LLC reduces the amount of power bought from the electric utility by storing electricity otherwise lost from the motors and transformers. The unit sends back this stored electricity back to your appliances, decreasing the kWh. Lower kWh = lower electric bills!

- Save between 10%-25% of monthly kWh usage. Most customers see a 15-22% savings.
- Peak demand charges are reduced by lowering the current needed to start each motors.
- Power factor charges are reduced, if not eliminated.

Special Note: Special consideration must be given whenever there is a power generator present. Contact your sales representative or technical support to discuss your specific situation.

**Help the environment;
Get listed on RecycleElectricity.Net**

Money isn't all that you are saving when you use Peak Energy Technology LLC products. It's an energy-wise purchasing decision that will help your business meet it's goals for 'going green.' There are units to fit your business requirements from single phase to three phase and from 240 volts to 600 volts. Once your savings is verified through detailed analysis, your business will be listed as a **Certified Electricity Recycler on "Who's Who."**

Every 1000 kWh saved is the same as planting 16 trees.
